PARTY FOR HOME SUPPORT FAMILIES

THE POSHER MILL

THE POSHER MILL

SELF-CONTAINED AND SUSTAINABLE. LOCAL PEOPLE LIVING IN THE COMMUNITY CAN COME AND USE THE POSHER MILL WHENEVER THEY NEED TO AND PAY A SMALL FEE TO DO SO. THIS HELPS TO PAY FOR THE MAINTENANCE AND UPKEEP OF THE MILL, AS WELL AS A WAGE FOR THE STAFF MEMBER RUNNING IT

NEW WASHROOMS

SEPARATE WASHROOMS WERE INSTALLED LAST YEAR FOR THE BOYS AND THE GIRLS TO IMPROVE PRIVACY AS THE CHILDREN GROW INTO YOUNG ADULTS

Boys' Washrooms

Girls' Washrooms

NEW KITCHEN EQUIPMENT

A new dining area and kitchen was needed for the children and staff at Sunbeam as numbers have been continuing to grow. The extension went in last year just behind the old dining area in the Children's Home. We have some new jikos to help with cooking

NEW CHURCH OFFICE

We have recently extended onto the back of the Prayer Centre to facilitate a church Library and office.

NEW VEHICLE

PURCHASED NEW THIS YEAR

WE THANK
YOU FOR
YOUR
PRAYERFUL
SUPPORT AND
DONATIONS
THAT HELPED
TO MAKE THE
PURCHASE OF
THIS NEW
VEHICLE
POSSIBLE

Points for Prayer...

- Increased threat from the surrounding community and the enemy makes life very difficult for Ellen and her staff and so more security is essential for their safety.
- The growing numbers in the school and the children's home mean more financial income will be necessary to meet the needs of the children.
- Our sponsorship and home support program
- Thanks to God for being an ever present provider and hope in the midst of an uncertain and ever changing community.

SPONSORSHIP

IF YOU WOULD LIKE TO FIND OUT MORE INFORMATION ABOUT SPONSORING ONE OF OUR SUNBEAM CHILDREN OR POSSIBLY HELPING OUT OUR HOME SUPPORT PROGRAM, SPEAK TO ELLEN, EMAIL OUR SECRETARY OR CHECK OUT FACEBOOK OR WWW.KENYASUNBEAMMINISTRIES.ORG FOR MORE DETAILS

NAOMI AMOO & FAMILY

DOB UNKNOWN

SPONSOR REQUIRED - £10

Naomi is an orphan with no other siblings. Since the death of her parents Naomi has been passed between family members with no stable family life. Her DOB hasn't been confirmed but we estimate she is around 7 years old, born in 2008. She has attended Rainbow Academy for several years and the extended family have struggled with the extra costs. Rather than deprive her of further education we admitted her into our Home Support Program

SUNBEAM CHILDREN'S HOME *CHILD SPONSORSHIP OPPORTUNITIES 2018*

Below is a list of Sunbeam children that still require sponsorship. To fully sponsor a child costs £40 or there is the option to partially sponsor a child £20. You will receive an update about your child twice a year and also an updated photo or picture from your child. If you or anyone you know would be interested in sponsoring one of these children, please contact our Secretary at ksmbelfast@gmail.com as you will receive further details. All the children very much appreciate the support their sponsors give them.

EMMANUEL EKISA
25.06.2004

SPONSOR REQUIRED - £10

Emmanuel is the third born in a family of 4 children. They lived with their mother who took care of them until the time they were admitted to Sunbeam Children's Home.

The father died of an Aids HIV related disease and the mother is also positive; due to weakness and poor health she could not manage the four children.

She did casual work around people's homes when possible but does not maintain a good income.

CONSOLAIDER NANJALA
11.01.2005

SPONSOR REQUIRED - £20

Consolider is a total orphan after losing both of her parents to illness. She has two older sisters who have gone to live with her Aunt, and she remained in the care of her grandmother.

Consolider's grandmother also cares for 4 of her other grandchildren as she is very poor with very little income. This means that the children can sometimes go without meals. She is also becoming very old and is finding it difficult to look after all of these children. Consolider was brought into our care

ESTHER MCCULLOUGH
25.02.2001

SPONSOR REQUIRED - £70

Esther was brought to Sunbeam Children's Home by the Malaba police, through a court order stating that the child would be staying in this home, that we were to give her a name and DOB and deal with her education at Kakapel Special School. Esther was deaf and dumb and had been in Malaba police station for a while as they tried to trace where she came from. This was unsuccessful and she was then brought to court in Bungoma. We have taken her in to give her the proper care she needs.

GERALD OMUSUGU
16.05.2006

SPONSOR REQUIRED - £10

Gerald was brought to Sunbeam when his grandmother could no longer look after him. His mother has severe mental and physical disabilities and was unable to look after Gerald. He has a younger brother Joel who has also been brought to Sunbeam. Both boys are bubbly and full of life and do well in school. They are brought up in an environment that is able to meet their needs. The grandmother and mother often come to visit the boys.

KELVIN SIMIYU
15.05.2002

SPONSOR REQUIRED - £30

Kelvin has been on our home support programme now for a number of years and just in recent months has moved full time into the care of Sunbeam. The reasons for this are due to such poverty stricken home circumstances that his parents are just unable to provide the necessary facilities and means to keep the children healthy and properly cared for. Kelvin's family will remain on home support but he and his brother will live full time in the children's home.

FREDDIE SIMIYU
Unknown DOB: 8 years?

SPONSOR REQUIRED - £30

Freddie is the younger brother of Kelvin and has arrived into the children's home under the same circumstances as his brother - due to such poor home conditions and the fact that their parents just cannot provide for them.

Sunbeam has continued to support the Simiyu family by providing monthly food hampers, but will take the two boys full time into the home so that they are getting the necessary care and nourishment they need to properly grow and develop.

KSM
Kenya Sunbeam

GIDEON// 6 months old // SPONSOR REQUIRED - £20
Gideon is the latest addition to Sunbeam. He was another abandoned baby left at the side of the main road. It's a miracle a big container or lorry did not run over him. He was well cared for when he was found and we can only think something must have happened for his parents to take such drastic action, but he is now very much part of the Sunbeam family and very loved. He has been to the baby clinic and they are very happy with his progress.
